

literally snatched from the operating table, is Lydia E.Pinkham's Vegetable Compound

organism, the medicine with a record of thousands of cases

Do not consent to an operation which may mean death until after you have given Lydia E. Pinkham's Vegetable Compound a fair trial. Note what it did for Mrs. Paul Oliver, whose letter follows:

DEAR MRS. PINKHAM:-I was suffering from pains in my side and a serious female trouble. The doctors said to get well I must have an operation performed, but I would not consent to that.

I heard of Lydia E. Pinkham's Vegetable Compound and sent for a

bottle; the first dose did me good, and after taking the first bottle I could sleep all right and I did not have those pains in my abdomen which I had all the time before. Now I can ride ten miles in a carriage, my color has returned, and I am full of life. I owe all this to the Vegetable Compound. It has also done wonders for my thirteen-year-old daughter. I will

never cease to praise it and recommend it to my friends. MRS. PAUL OLIVER, St. Martinsville, La.

Thousands of women, residing in every part of the United States, bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills and creates radiant, buoyant female health. For your own sake try it.

Wife's Terrible Discovery. To reach her hand out in the pitchy. larkness of the early morning for the purpose of awakening her busban , and find that he had been for hours lying beside her in bed cold in death, was the gruesome experience of Mrs. Timothy McLughin, of Baltimore, at 4:45 o'clock yesterday morning. Unable to realize that the ley coldness of her bushand, who had retired with her in high spirits and apparent y good beal ha tem icurs before, could be the chill of death, the woman shook the dead man and calle I him frantically to speak to her. Before she could light the gas in the room the awful truth began to dawn on the almost frantic woman, and as soon as she could see her worst fears were verified. Mr. McLaughlin was perfectly cold, and had evidently been dead for several hours. She had not noticed his neusual stillness during the night, and the discovery of his death came as an awful shock. The deceased was 38 years old. He was operated on for appendicitis four years ago, and had since had some heart affection, but it was not considered serious.
